Subject: Permit issues

Dave,

Thanks for the opportunity to speak with your Commission last evening about WPDES permit issues. If you, Glen, or any of the other Commissions have further questions please call me or my partner, Art Harrington.

As we discussed, the most pressing concerns now are 1. Engaging the DNR about the upcoming permit process before it is too late for them to make changes, and 2. Making comments regarding the statewide variance before the June 11 deadline.
