Grease Trap Inspections Summary Report

April 30, 2015

FOG Control Program Update

In April, we met with a representative from the City of Kaukauna to discuss the progress, to date, of the FOG Control Program and the use of manhole inspections to identify potential problem areas.

Sites Requiring Grease Trap Installation

The following sites have been identified as requiring the installation of grease traps. The owners have been given until between May 1, 2015 and June 1, 2015, to have the traps installed.

Bachelors Bar
Badger Quick Stop
Cake Anatomy
Dick's Drive In (Install By 8/1/15)
Haen School
Hilltop Bakery (Installed 4/15)
Pizza Hut
Ponzies
St Mary's Parish (Reviewing options)
Subway
Verbeten's (Will Install 5/15)

Summary of Site Visits & Correspondence:

Hilltop Bakery installed their new grease trap.

St Mary's Parish must run all decisions through a series of Councils and has asked for more time to come up with a plan to address their need for a grease trap.

Verbeten's plumber could not make the May 1 deadline and asked for an extension into May.

Reminder Letters to Send:

The Kaukauna Area School District for all 6 Schools
Kwik Trip Lawe Street
Little Caesars
R&R Homestead Kitchens
St Paul's Home

Site Visits:

All the sites that have not had their trap installations inspected or verified or those who have asked for an extension beyond 120 days.
