

**Village of Little Chute
Grease Trap Inspections Summary Report
October 31, 2015**

Summary of Site Visits & Correspondence

Village Lanes: On October 29, 2015, we visited Village Lanes to verify their grease trap installation. The manager indicated that he was unaware of any installation schedule. We left a message with the site owner and the call had not been returned by November 1, 2015.

Village Limits: We made several attempts to contact the facility owner during the month to confirm that the grease trap had been cleaned. So far we have been unsuccessful.
