**Summary of Site Visits and Correspondence**

**There were no site visits conducted in April, 2017.**

**Reminder Letters**

Rico's Family Restaurant

**Site Visits**

Christ the King Church  
Mill Town Still and Grill

**Periodic Grease Trap & Lateral Inspections:**

As part of the Village's continues maintenance and inspection of the sanitary sewer system, we recommend that the downstream manhole from the following businesses be periodically inspected.

The Lox Club  
Rico's Family Restaurant (Former Kim's Place)  
Jerry Kamp's Bar  
Mill Town Still and Grill

Downstream of Kimberly Assisted Living

**City of Kaukauna**  
**Grease Trap Inspections Summary Report**  
**April 30, 2017**

**Summary of Site Visits & Correspondence:**

**Benchwarmers:** On April 11<sup>th</sup> and again on April 27<sup>th</sup>, we stopped at Benchwarmers to talk to the owner about his initial trap cleaning. Both times he was out and the bartender promised to have him call.

**1000 Islands:** A representative from 1000 Islands called the City of Kaukauna to get the names of grease trap cleaning contractors. They initially used to self-clean but are now looking to have a contractor do it. We supplied the City with the list of several contractors that service small facilities.

**Orange Chicken Hut:** The City informed us that a new restaurant has opened up. We will send them an introduction packet and arrange to visit the site and document their facilities.

**Reminder Letters to Send:**

Cash and Swillies  
Dick's Drive In  
Kaukauna City Garage  
Lazy Dog Bar and Grill  
Linda and Logan's

**Summary of Correspondence and Site Visits**

**Island Sushi:** Island Sushi is scheduled to have their trap installed in June, 2017.

**Uno's, Red Robin, Little Chicago, Stoneyard, Thai Sushi and Novo Grande.** On April 7, 2017, the grease traps or downstream manholes for all of the above locations were checked. All the traps or manholes were in good condition.

**Pizza Ranch:** On April 21, 2017, we checked the downstream manhole from Pizza Ranch and found that the amount of grease on the side of the lateral had not increased since the March inspection. They are now on a monthly cleaning schedule, which may be a factor in the problem not getting worse.

**Mac's Macaroni and Cheese:** On April 21, 2017, we met with Matt; the manager of Mac's and discussed the requirements of the FOG Program. He had his corporate office send over their cleaning documents the next day. We also checked the lateral outside of the building and did note grease building up on the sides of the pipe. We will check this monthly to make sure the problem does not get worse.
