Summary of Correspondence and Site Visits

Little Chicago, Novo Grande, China Garden, Thai Sushi, Stoneyard, Unos, Red Robin, Kimberly High School and Walmart: On November 15, 2017, the grease traps or downstream manholes for all of the above locations were checked. All the traps or manholes were in good condition.

Pho Saigon: On November 7, 2017 we visited Pho Saigon and spoke with the manager about submitting their cleaning documentation. The manager indicated that Speedy Clean handled their trap cleaning and it was alter confirmed that they were compliant.

Bella Thai (Formerly Ban Vinai, Formerly Four Seasons Catering): On November 15, 2017, we checked the exterior trap at Bella Thai and the grease I the trap had hardened. For over 6 months, we had been unsuccessful in contacting anyone from management to discuss issues on both the water and wastewater sides. On November 27, 2017, we finally arranged a site meeting and stressed the importance of an immediate cleaning of the grease trap. The manager said he would arrange the cleaning right away. To date, we have not heard anything.
