**Subject:** FW: NWTC Environmental Engineering Technologies Advisory Committee

Commissioners:

I had a visit with Steve Arant this week along with a tour of the sedimentation basin that culminated in an invitation. I've known Steve mostly from afar over the years when he worked at the former Earthtech consulting firm. He has since had a another stop or two and has now moved onto academia.

I've not committed to anything pending your approval. What are your thoughts on accepting the invitation?

**Subject:** NWTC Environmental Engineering Technologies Advisory Committee

Hi Brian- Thanks so much for your time yesterday to view your non-point system control as part of your suspended solids compliance for the Heart of the Valley Sanitary District. It was great catching up with you.

I spoke with Amy Kox, the associate dean for my program. We would certainly welcome you as a new member for my Advisory Committee. Bonnie Willems can send you information regarding our upcoming Advisory Committee meeting, scheduled for next week Friday December 7<sup>th</sup> from 1:00 to 2:30.

Thanks so much in advance as I would truly value your input based on your experience as District Director of HOVSD as well as your past experience as an instructor for Moraine Park's Environmental Engineering Technologies program.

Take care.
