

Operations Update

Plant Operations – Plant operations and treatment were good during the month of October.

Phosphorus Analyzer (Biostyr Effluent) – The plant is still in the process of getting it connected to the SCADA.

Maintenance Update

Water Champ Guide Rail System – The repair of the guide rail system was completed on 10/28.

Laser Flow Meter Global Link – The Global link is ready! The communities should have received their log in information. If anyone has questions they can contact me.

Kevin Skogman
Director of Operations & Maintenance
