The 2025 operating budget reflects a 3.84% increase from 2024.

B. Interceptor Rehab Project - Monthly Activity Report by Scott Schramm of SMS

Scott Schramm of Strategic Municipal Services provided a detailed activity/progress summary for September. Phase 1 of the project is complete with punch list items being addressed. Phase 2 has started and will continue through late November. Scott noted that there are no concerning issues at this time; favorable weather has helped with the timeliness of the progress. Seven of the 62 manhole structures are complete. Visu Sewer's goal is to have 65% of the total project complete by year end. Scott noted that he'll be presenting a slide show at the November commission meeting and again at the community meeting on December 5th.

C. Effluent Filtration Project - Monthly Activity Report

Staff updated the Commission on the final stages of the effluent filtration project. Filters have been running continuously but having problems with biostyr. No effluent has been taken by Fox Energy for a couple weeks due to their scheduled plant shut down.

D. FOG Program - Monthly Activity Report

John Stoeger of Stoeger & Associates provided a written fats, oil, and grease update by community, including a grease trap inspection report and site visit correspondence. The Commission also received an itemized copy of the September 2024 invoice.

E. Leonard & Finco – Monthly Activity Report

Leonard & Finco provided a written monthly update of projects completed in September as well as a list of ongoing and upcoming tasks for October which includes social media distribution to member communities, news releases, completion of a facility brochure, website updates, whiteboard video for the effluent disc project, and monitoring media

coverage. The Village of Little Chute offered to host the next community meeting which will be held on Thursday, December 5th.

6. Plant Reports for September 2024

A. Flows & Revenues Report

The Commission received a copy of the hydraulic & organic loadings data, along with flow & strength projections, which shows the year-to-date surplus/deficit in revenue for the month of September 2024. Revenue received from the WPS-Fox Energy Center for effluent purchased in September = \$17,170.73; Revenue received to date for 2024 = \$149,888.68. WPS-Fox Energy purchased 58% of the effluent produced in September.

The average effluent concentrations for **September 2024** were as follows:

<i>Parameter</i>	<i>Monthly Average</i>	<i>Permit Limit</i>
BOD-Biochemical Oxygen Demand	6.7 mg/L	30 mg/L
Suspended Solids	11.3 mg/L	30 mg/L
Suspended Solids	214 lbs.	801 lbs.
Phosphorus	.22 mg/L	1.0 mg/L
Ammonia	.47 mg/L	4.4 mg/L
Chlorides	775 mg/L	n/a

All permit values were met for September 2024.

B. Operations & Maintenance Report

Dustin Jerabek provided a written O&M report and noted that plant operations and treatment were OK for September. Veolia will be onsite the first week of October for Biostyr backwash velocity checks, optimization and system upgrades, then will start the performance test the following week on the disc filters. Biosolids hauling is complete for the year. Badger State Waste hauled 4,270,200 gallons at a cost of \$234,861. Disc filter #6 had a VFD fail and a new one was ordered under warranty. Some investigating by Sargent Electric and Veolia led to finding that the drum motor is the problem and will need replacing. A disc filter polymer bulk container tote mixer was ordered for the disc filters at a cost of \$3,148. Accurate Fire Protection performed the annual inspections on the fire sprinkler systems. The solids building will need valve replacements at a cost of \$3,350. A new refrigerator on the sampler at meter station 5N was replaced at a cost of \$9,823.

B. Budget Comparison Report

The Commission received a Budget Comparison Report, along with a verbal explanation of exceedances.

8. General Old or New Business

- *Mechanic Vacancy:* The mechanic/PCT position remains vacant and recruitment efforts are ongoing. HR Consulting was consulted and the position was re-advertised on Indeed.
- *SCADA Upgrade/VD Replacement Project:* LW Allen has been onsite prepping for install the end of October/early November.
- *Septage Receiving Station Rehab Project:* Final drawings and specs have been completed and sent to Axley for legal review. A pre bid conference is scheduled for 10/15 with bid opening on 11/6.
- *Fox Wolf/Basin Tour:* Fox Wolf Watershed hosted a learning session at the ARTS basin on 10/3/2024.
- *Outagamie County Land Conservation:* Design and drawings are complete for the edge of field phosphorus removal device approved several months ago. That project will be completed this year and the removal device installed this fall. Jeremy Freund from Outagamie County will be attending the November commission meeting to present the

MOU for discussion and approval. Jeremy will also be talking about the potential to construct another basin for TSS and phosphorus removal. The 4-acre area is located behind the Boy Scout wood camp and would be fully funded with grant money.

- *Little Chute Connection Fees:* The Commission was copied on a letter from the Village of Little Chute dated 10/1/2024 regarding a 4" meter connection fee from 7/26/2021 which was overlooked and not paid. More discussion will take place at the November commission meeting.
- *Rate Study:* After a discussion the Commission decided it would be appropriate to reassess the methodology used to assign costs to the communities and establish rates, and directed staff to place this topic on the agenda for November. The last study was done in 2008.

9. Adjournment

With no further business before the Commission, a motion was made by Commissioner Sundelius and seconded by Commissioner Coffey to adjourn the meeting. Motion carried unanimously. (Time: 5:58 PM)
